PRODUCT INFORMATION

PRODUCT DESCRIPTION

SANAVITA Auto-disable syringes for fixed dose immunization are designed to address the needs of humanitarian aid organizations involved in immunization.

PRODUCT PROPERTIES

SANAVITA Auto-disable syringes for fixed dose immunization are safe and easy to use.

The evaluated technology activates the auto-disabling function the moment the dosage has been taken up. The syringe is rendered unusable immediately after injection of the vaccine. No manual activation is required.

SANAVITA Auto-disable syringes are already used for various vaccination campaigns. The product is sterilized by ethylene oxide (EO) gas and has a shelf life of 5 years.
